

School Wide Update

Greetings!

Just as Brighton College was forward-thinking when moving from a correspondence school to an online school in the late 1980s to meet the demand for required skills in the job market then, we continue to be proactive by aligning our education & workforce readiness certification programs to in-demand jobs for the global job market today.

We know the world is changing, so are the jobs of today and the future. Our plan is to grow our school by more aligned role-based certifications that lead to upward mobility careers in other fields. Therefore, to keep up with those changes, we have decided to voluntarily withdraw our DEAC accreditation effective October 30th, 2020.

Why? Accreditation is not representative of who we are as a school or who we are going to become, we are all about Employability & Workforce Readiness through role-based certifications in Allied Health: Pharmacy Tech, Medical Office Specialist, Medical Billing & Coding, Information Technology: Help Desk, Cyber Security, Networking & Legal: Paralegal, Nurse Paralegal & Legal Nurse Consultant.

While we are sure you have questions, please submit your questions to info@brightoncollege.edu and we will work on answering your questions.

We thank you for your continued support in Brighton College and know that we are here for you!

Thank you
Paul Zagnoni
President
Brighton College/The Paralegal Institute
